DISTRICT'S FIRST

ON-BOARD DIAGNOSTIC (OBD)

VEHICLE EMISSIONS TEST KIOSK

Overview

- On November 15, 2019, Mayor Muriel Bowser launched the District's first self-service on-board diagnostic (OBD) emissions kiosk.
- The kiosk allows District residents to perform their own vehicle emissions tests on a 24 hour, seven days a week basis.
- Operated by the DC Department of Motor Vehicles (DC DMV), the kiosk is located at the Takoma Recreation Center on 300 Van Buren Street, NW.

Features

- The ATM-style kiosk includes touch screen technology, an integrated vehicle identification number (VIN) bar code scanner, step-by-step audio support, and other user-friendly features.

Vehicles That Can Use it

- The kiosk is available for vehicle model years 2005 and newer.
- Vehicles previously inspected by DC DMV.

How Does it Work?

- **For vehicles that pass the self-inspection:** (1) the kiosk will print a Vehicle Inspection Report and a temporary paper inspection certificate to be displayed on the vehicle's dashboard; and (2) DC DMV will mail a two-year inspection sticker to vehicle owners.
- **For vehicles that fail the self-inspection:** There will be a message on the OBD kiosk screen about the emissions failure, and the kiosk will print a Vehicle Inspection Report indicating the reason for the failed inspection.

Next: Our 10-Step Tutorial

TUTORIAL

SELF-SERVICE VEHICLES EMISSION TEST KIOSK

Step 1: Welcome Screen

- The first message on the screen will say “Welcome to the DC DMV Vehicle Inspection Self-Service Kiosk!”
- You will be instructed to “Touch here to begin.”

Vehicle Test System Menu

Unit 1 - Main Menu

Welcome to the Vehicle Inspection
Self-Service Kiosk!

**Please ensure the vehicle is parked and the
engine is turned off.**

NOTE: The Kiosk is under video monitoring at all times.

TOUCH HERE TO BEGIN

Step 2: Information Entry

Using the Barcode Scanner

- Retrieve barcode scanner from the kiosk compartment (pictured below). Scan the barcode on the dashboard or door jam.

- You have the option to scan your VIN or enter it manually by pressing “Touch here to enter your information manually.”

Information Entry
Scan

Information Entry

To begin the test, scan the barcode on your dashboard or door jam with the scanner below.

TOUCH HERE to enter your information manually.

Step 2: Information Entry, continued

Using the Barcode Scanner

- Return barcode scanner to the kiosk compartment, then firmly close door.

RETURN BARCODE SCANNER

Replace barcode scanner in Kiosk compartment, then firmly close door.

Step 2: Information Entry, continued

If You Choose to Enter your VIN Manually

- Retrieve your vehicle's VIN, and enter it into the field provided.
- Press "Enter."
- To cancel the test: Press "Touch here to cancel."

ENTER VEHICLE VIN:

PRESS ENTER

TOUCH HERE TO CONTINUE **TOUCH HERE TO CANCEL**

Step 3: Vehicle Confirmation

- Verify vehicle information is correct.
- Press “Yes” to continue the test.
- Press “No” to cancel the test.
